Subject: Resignation from Junior Flutter Developer Position

Dear HR,

I hope this message finds you well.

I am writing to formally resign from my position as Junior Flutter Developer, effective today, as I have completed my three-month probation period and before confirmation of permanent employment.

During my time at Softvence, I have learned a great deal in a supportive and friendly working environment. I am truly grateful for the guidance and cooperation of my seniors and colleagues. In this period, I had the opportunity to complete two UI projects and contribute to four additional projects partially, which has significantly improved my technical and professional skills.

Unfortunately, over the past several days, I have been dealing with personal issues that have prevented me from attending the office. I had hoped the situation would be resolved quickly, but it has not improved, and under the circumstances, I believe I should step down from my role at this time.

I sincerely apologize for any inconvenience this may cause and appreciate your understanding. I am thankful for the opportunity to work with the team and will always value the experience I gained at Softvence.

I wish the company and the team continued success in the future.

Thank you for your support and understanding.

Yours sincerely,

Farhad Bin Momin

Junior Flutter Developer
